The Markets

Wall Street

By Leased Wife to Evening Herald.

New York, June 14.—The stock market closed strong. Concerted efforts to drive in a stubborn short interest, together with more confident operations for the long account were decisive in raising quoted values 1 1/2 points, on top of the large gains already achieved since the rebound began. Bull operators were helped by the more cheerful tone of western trade and crop advisors, as well as by the general improved condition of improvement in the Balkan situation and passing of the London settlement without serious trouble.

Growing ease in money rates which made funds available for both operations was one of the important factors bringing about a broader and more active market. Virtually the entire of stock trading was shared in the market, which proceeded until the close with a serious check. Bonds were

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow outside." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Food should be thoroughly masticated and ingested. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all drugstores.

5 FREIGHT TRUCKS IN SERVICE

Tremendous Amount of Traffic Between Silver City and Mogollon Mining District.

Silver City, N. M., June 14.—There are now five freight trucks operating between Silver City and Mogollon, besides the regular freight teams, which are still in use in a small amount of business as formerly. The trucks have not diminished the number of regular freight teams, although a number of smaller freighters operating at irregular intervals have been put out of business. There are two White, one Velle and two Superior trucks in operation, and all are kept in good condition. No team is to be found in the western part of the city to haul truck loads at two or three times the amount.

The Lowe & Hump Transfer company of this city handles upwards of one million pounds of freight a month for the Mogollon district.
